Attached are copies of the 2006-2007 Income Eligibility Guidelines, Household Letter and Income Eligibility Application for use in the Family Child Care home component of the Child and Adult Food Program (CACFP). The guidelines and application are effective as of July 1, 2006.

The attached information has been revised to include the following changes:

- Income Eligibility Guidelines were changed to reflect an increase in household income based upon annual cost of living adjustment;
- Households are no longer required to report changes regarding the increase or decrease of income or household size or when the household is no longer certified eligible for food stamps or Ohio Works First (OWF). Once properly approved for free or reduced price benefits, a household will remain eligible for those benefits for a period not to exceed 12 months.

These documents can be copied as needed and will also be available on our website.

# 2006-2007 Ohio CACFP Family Child Care Household Letter

TO: Provider, Parent or Guardian:

FROM:

SUBJECT: Income Eligibility Applications

Our nutrition organization provides meal reimbursement to child care providers who serve nutritious free meals to children as a part of the federally funded Ohio Child and Adult Care Food Program (CACFP). Providers may be reimbursed at the Tier I or Tier II rate. Meal rates change each July and will be mailed in the near future.

**If you are a Family Child Care Home Provider**, Child and Adult Care Food Program regulations allow three ways to qualify for the higher Tier I rates: elementary school meal data, census tract data, household size and income. To qualify for the Tier I rate through household size and income, providers must complete the Income Eligibility Application and submit their proof of income or program benefits to our organization. Applications may qualify using income guidelines or by listing a valid Ohio Works First (OWF) or Food Stamps (FS) case numbers. If termination to participate in the Ohio Works First (OWF) or Food Stamps (FS) programs occurs, you must notify the sponsoring organization

You must also complete this form if you wish to claim CACFP meals served to children living in your home. If you qualify, meals will be reimbursed for these children when they are under thirteen years of age, enrolled for care and eat with other non-residential child care children.

In certain cases foster children are eligible for free or reduced-price meals regardless of the income of such household with whom they reside and that households wishing to apply for such benefits for foster children should contact the sponsoring organization.

**If you are a parent or guardian and your child is enrolled for care in a Family Child Care Home**, your provider is eligible for meal reimbursement. Changes in the regulations that govern this program have established two tiers of reimbursement for meals served to children in family child care homes. Your provider will be reimbursed at the lower Tier II rate for your child, unless your household income qualifies your child as eligible or if you or your child receives benefits from Food Stamps, OWF, WIC or other Federal or State categorically eligible benefit programs as identified by the State. You can help your provider receive the higher rate of reimbursement by completing the attached application form. **Return this form to our office; do not return it to the provider.** You are not required to fill out the form, but if your family qualifies for the Tier I rate, the additional reimbursement will help keep child care costs more affordable. Meals are free. Families should not be charged a fee for food or asked to bring extra food. Participants having family members who become unemployed are eligible for free or reduced-price meals during the period of unemployment, provided that the loss of income causes the family income during the period of unemployment to be within the eligibility standards for those meals.

The Income Eligibility Application is confidential and protected by law. There will be no identification of Tier I and Tier II children in child care homes nor will we share income eligibility information about your household with the provider. Our organization will limit the use of this information to people directly connected with administering Child Nutrition Programs.
